B.S.
Computer Science
University of South Carolina
2024 - current
Columbia, SC

Relevant courses
Algorithmic Design
Computing in the Modern World

SKILLS

Java
HTML/ CSS
Python
Git
Visual Studio Code
Office 365

CAREER OBJECTIVE

I am a freshman student at the University of South Carolina studying computer science. I am project-oriented and like to work in groups while trying to problem-solve. With a degree in computer science, I hope to make the computing scene around the world stronger and possible for people in all walks of life.

WORK EXPERIENCE

Cashier

Pina's Pizza III

January 2024 - current   /   Doylestown, PA

- Ensured high-quality, warm pizza delivery, achieving a 95% customer satisfaction rate over 6 months.
- Worked in a fast-paced environment, ensuring customers didn't have to wait more than 20 minutes for fresh and warm food.
- I used a complicated POS system to guarantee that my co-workers would understand what menu item they would have to prepare.

Lifeguard

VE Club

May 2023 - August 2024   /   Warminster, PA

- Ensured safety of 150+ swimmers daily as a lifeguard, resulting in zero drownings over two summers.
- Secured First Aid and CPR certifications to safeguard the wellbeing of over 200 swim facility patrons.
- Optimized team coordination in crowded settings, achieving a 100% safety record across high-traffic summer months.
